- Current GPA : 3.4

GCE Advanced Level

Bandarawela Central College

2019

Results
- Combined Maths-C
- Physics-C
- Chemistry-C

PROFILE

As an undergraduate pursuing a BSc (Hons) in Information Systems at the Sabaragamuwa University of Sri Lanka, I am dedicated to leveraging my programming skills and deep passion for technology to tackle real-world challenges. I bring a youthful, creative, and self-motivated approach to my work, coupled with strong problem-solving, multitasking, and leadership skills. I am eager to gain practical experience through an internship opportunity, further enhance my skills, and make a meaningful impact in the field of software development.

PROJECTS

Nexpay-Digital payment application (Group) Nov 2023 - Apr 2024
React Native | Node js | Express js | MongoDB

- A mobile application that enables users to manage their financial transactions.
- **As the leader,** I ensure clear communication within the team and with mentors and supervisors. I manage tasks efficiently, ensuring projects are completed on time.
- **Contribution:** Developed frontend UI, implemented secure JWT auth & Stripe integration, and contributed to backend development.
- https://github.com/KavishkaThushal/NexPay

Star Mobile-Web application (Group) (ongoing) May 2024 - Present
React js | Spring Boot | MongoDB

- A web application for a mobile shop in Balangoda, developed according to the shop owner's perspectives and requirements.
- **As the leader,** I ensure clear and effective communication within the team and with stakeholders. I foster a collaborative environment by facilitating open discussions and feedback.
- **Contribution:** Contributed to the project by developing a user-friendly and responsive frontend.
- https://github.com/KavishkaThushal/Star_Mobile

Real estate selling web application Mar 2024 - Apr 2024
React js | Node js | Express js | MongoDB

- Developed a web application that showcases real estate properties for sale. Users can make appointments to visit the properties and access detailed information about each listing through the site.
- https://github.com/KavishkaThushal/Estate

Portfolio   Jun 2024

React js

- A web platform to showcase myself.
- https://github.com/KavishkaThushal/Kavishka-Thushal-Portfolio

Mr Food-Web application   May 2024 - Jun 2024

React js | Express js | Node js | MongoDB

- A web application that enables customers to choose their favorite dishes and place orders through the site.
- https://github.com/KavishkaThushal/Mr-Food

Rodha-Web application   May 2024

React js | Express js | Node js | MongoDB | Redux

- A web application that enables users to list their vehicles for sale with all relevant information. Buyers can browse listings and access detailed information about each vehicle through the site.
- https://github.com/KavishkaThushal/Rodha

Film Reel-Web application   Jun 2024

Next js

- A web application that shows the latest and most popular movies.
- https://github.com/KavishkaThushal/Film-Reel

EXTRA CURRICULAR ACTIVITIES

University
- **Member** - IEEE student branch of Sabaragamuwa University of Sri Lanka.
- **Member** - Society of Computer Science of Sabaragamuwa University of Sri Lanka.

School
- Member of the Eastern Band at Bandarawela Central College.
- Member of the school badminton team.
